

Wearable technology in the setting

Policy statement.

We take steps to ensure that there are effect procedures in place to protect children, young people and vulnerable adults from the unacceptable use of information communication technology (ICT) equipment or exposure to inappropriate materials in the setting.

Procedures

- We ask that staff do not wear smartwatches whilst in the nursery setting, if smartwatches are to be worn, they must be on airplane mode at all times. Nursery manager and Deputy have a right to spot check that this is the case. If a member of staff is found to have a smartwatch on and not in airplane mode it will be removed and stored in the office until the end of shift.
